

MAJOR CHURCHILL REACHES SCENE OF LEAGUE ASSEMBLY

Becomes Object of
Attention at Big
Meeting

STILL HOPE U. S.
WILL JOIN LEAGUE

(By The Associated Press)
GENEVA, Nov. 27.—The arrival here today of Major Marlborough Churchill, chief of the military intelligence division of the general staff of the American army which so far appears now has no real significance except to himself and his department has created a mild sensation in league of nations circles. The United States has been on the lips of almost every spokesman in the assembly of the league and probably in the minds of every delegate.

The hope that the United States will some day join the league is unmistakable. The entire work of the assembly has visibly been directed so as not to prejudice the most important questions at issue regarding the league covenant and so as to leave the way open for the United States to have her say in its eventual revision.

The appearance during this assembly of any official or unofficial representative of the American government was the last thing hoped for.

Major Churchill, consequently, was all the more an object of attention when his presence here became known. The sub-committee considering the admission of new members has been unable to complete its work on account of objections to both Bulgaria and Austria by neighboring states, Rumania, Greece and Jugoslavia are still standing out against Bulgaria, while Czechoslovakia has not yet consented to the admission of Austria.

The reasons given by the objecting states are much the same as those presented by France against Germany. It has been pointed out to them, however, that both Bulgaria and Austria, in their applications, promised to fulfill their international obligations and thus make themselves eligible for admission. Suggestions were made to the representatives of the objecting states today that in view of the advantages they derive from the peace treaties continuous obstruction on their part would be likely to attract unfavorable attention.

The sub-committee on armaments today continued hearing arguments in favor of the resolution introduced by Dr. Gastao da Cunha of Brazil making the manufacture of arms and munitions a state monopoly in every country.

This proposition is gaining ground among the delegates, it being held that much of the tendency to provoke hostilities would be removed if all possible private profit from the manufacture of war materials should be eliminated.

Chicago, Nov. 27.—Plans which it was announced would drive from the market the manufacture of medicine and toilet articles of such high alcoholic content that they are used as beverages were completed tonight by the proprietary association composed of more than 200 manufacturers of proprietary medicines.

The action was taken at a special meeting called after the government had asked that some action be taken to curb what was termed "the enormous withdrawals of alcohol from warehouses."

RYAN GOES FOR CONFERENCE WITH JOHN S. WILLIAMS

Characterizes Report of Being Broke as a
Joke

MAY START WAR ON
WALL STREET BANKS

(By The Associated Press)
NEW YORK, Nov. 27.—Allan A. Ryan went to Washington today to confer with John Skelton Williams, comptroller of the currency after bankers and attorneys at a conference here considered plans for the formation of a committee to inquire into Mr. Ryan's affairs.

Mr. Ryan declined to make a statement, but said Mr. Williams might have said to say to the public after his conference with him in Washington. His only comment on the report that the banks intended to take care of his assets to protect his obligations to them that "the story was inspired."

He denied that he was either in financial difficulties or facing them and characterized a sa joke reports to that effect.

"If I'm broke," he declared, "all the banks are broke."

Mr. Ryan's reported intention to take up with Comptroller Williams his relations with the banks, was interrupted in financial circles here to mean that he might start a war on the Wall Street banks. His conference with the comptroller was regarded as significant in view of Mr. Williams' criticism of Wall Street National banks for what he regarded as excessive rates for call loans for stock exchange purposes.

The action of the bankers is said to be merely a protective one, taken to safeguard their loans and because the collateral on which the loans were made had decreased considerably in value thru declines on the stock market. Different representatives of banks, it is said, admitted that Mr. Ryan's assets were sufficient to take care of the particular bank in question, while other declarations were to the effect that Mr. Ryan's assets were much greater than his total obligations to the banks.

Arthur Griffith Taken to Mount
Joy Prison—No Football
Matches Scheduled for Sunday

(By The Associated Press)
Dublin, Nov. 27.—Arthur Griffith, head of the Sinn Fein and E. J. Duggan, Sinn Fein member of parliament, have been taken to Mount Joy prison. It has not yet been decided whether they will be among those selected for the Ballykinnar internment camp. Interment in this camp according to the authorities would be a concession "as heretofore such prisoners have been held merely as common criminals."

There are no football matches scheduled for tomorrow, such as that of last Sunday, which, the officials claim served as a "cover for the operations of the murder gang." This gives some relief from apprehension of a repetition of last Sunday's incidents.

Unusual activity was displayed by the crowd forces throughout the day today and the thorough searching of premises in the downtown section indicated that the authorities were taking all possible precautions.

**FEDERAL RESERVE
BOARD CRITICIZED**

PHILADELPHIA, Nov. 27.—Former Governor E. C. Stokes of New Jersey, speaking before members of the Philadelphia real estate board today asserted policies of the federal reserve board "have disrupted business confidence and promise industrial paralysis if not a panic."

Mr. Stokes criticized the board's policy of restricting credit. Its increase in discount rates has halted home building and increased the acuteness of the housing shortage, he said. SEA BEING COMBED FOR TRACE OF LOST BARGE W. J. PIERRE

Persons Aboard
Craft

WIFE AND SON OF
CAPTAIN AMONG THEM

(By The Associated Press)
SEATTLE, Wn., Nov. 27.—Rescue vessels searching the rocky coast of Washington in the vicinity of James Island for the lost barge W. J. Pierre, early tonight, combed the sea in the neighborhood of Giants Graveyard Rocks ten miles south of that island, according to a message from the navy radio station at North Head, Washington.

An official list of the Pierre's company obtained from immigration authorities, showed 236 persons, including the wife and year old son of Captain Alfred Jensen, aboard when the barge first touched an American port. Only two, Purser Fred J. Breckenridge and Placido Villmar, a fireman whose home is in the Philippine Islands are American citizens. There are no shoals near the rocks of the Giants Graveyard and shipping men believe that if the Pierre struck there she had foundered.

The search turned to that locality on a suggestion of Captain J. K. Tibbets, master of the Santa Rita, which had the Pierre on tow. Tibbets in a wireless message to North Head late today expressed doubt that the master of the Pierre had been able to hoist sail and clear away from the rocks last night.

(By The Associated Press)
CLEVELAND, O., Nov. 27.—The semi-annual meeting of the National Cloak, Suit and Skirt Manufacturers' association here today was attended by more than 300 delegates, who discussed the new fashions for spring as displayed by living models at the style show this afternoon.

No very radical changes are shown from the lines of fall and winter garments. Skirts continue short and straight. The slender silhouette predominates and the youthful spirit was expressed in many garments shown.

"Individuality is the keynote of early spring apparel," said Philip Frankel, executive secretary of the association. "Every woman will have opportunity to express her own personality through selection of the variety of models offered by the manufacturers for 1921."

A wide choice in suits was displayed, in straight, boxy jackets and closer fitting suit coats with ripples at the sides and flat hanging panels front and back. Eton and Bolero models give new effects with scalloped, uneven hems and coat edges. Tailored suits with and without belts are cut severely slender.

Skirts are short with a suggestion of more fullness in some cases with panels, tunics, hem trimmings and pleatings.

Wrappy coats and capes will be generally worn, slender shoulders marking both in soft and delicate fabrics.

Trimmings include beading and braiding, peot edgings and a new flat floss embroidery.

**PREMIERS SETTLE
QUESTION OF UPPER
SILESIA PLEBISCITE**

Believe This Action Will
Forestall German
FIX MANNER OF VOTING

(By The Associated Press)
LONDON, Nov. 27.—Premier Lloyd George of Great Britain and Premier Leygues of France, conferring until late this evening definitely settled the vexatious question of the upper Silesian plebiscite in a manner the heads of the two governments believe will forestall what they think is Germany's efforts to pack the province with Germans for voting purposes.

Under the plan of the premiers, the vote will be taken in several days, the status of a citizen to govern when he shall vote. It will be arranged that known citizens of the province whom the plebiscite officials are confident have lived there a number of years will vote on one day. Others who have lived in the province a shorter time will vote another day while those who recently settled will vote on another day. Should the latter category swing the plebiscite in favor of Germany and the bona fide citizens vote against Germany all the allies are likely to declare the plebiscite void.

As far as I can ascertain such commission has no mandate or authority from the British government which alone has the right to deal with the internal affairs of the United Kingdom. I feel certain that all true Americans who desire close friendship between their country and ours will resent such unwarranted interference with the affairs of a foreign, friendly state. I must, therefore, decline to accept your invitation."

**LODGE SUGGESTS
CO-OPERATION TO
CURB IMMIGRATION**

Would Combine with Canada, Australia and New Zealand

LAW ARE NOT
BEING ENFORCED

(By The Associated Press)
PHILADELPHIA, Nov. 27.—An "arrangement" by the United States with Canada, Australia and New Zealand in regard to Asiatic immigration was adopted by Senator Lodge of Massachusetts at an address in the Union League club here tonight.

"We have heard a great deal about league and agreements," said the senator. "There is one arrangement with Canada, Australia and New Zealand in regard to Asiatic immigration. Their danger is the same as ours and the shadow hangs darkest over Australia. We must face it and it might as well be understood that it is in no sense of hostility to any nation, but there are certain great principles that must be accepted. One is that no one nation has the right or can find a cause of war in the demand of her people shall emigrate to another free country as the first sovereign right is the right to say who shall come into the country."

LAW NOT ENFORCED

Senator Lodge said he was "afraid that at the present time the immigration laws are not being properly enforced."

"I say that," he added, "because the department of justice has ordered the deportation of many men who had come here in violation of our laws and who are dangerous to the United States."

Talking on the tariff, Senator Lodge said he did not think the duties on imports are now bearing their fair proportion of the expenditures of the United States.

"I think," he added, "with justice we can add to the revenue from that source and relieve taxpayers from more galling and injurious taxes. He declared the whole system of taxation must be readjusted and that he was afraid the United States would have to continue to raise a very large amount by taxes."

Other camps are in the course of preparation in various parts of the country. Further raids occurred in Dublin this morning, the raiders being conveyed in fast automobiles fitted with a shelter of steel plating. It is reported that the roundup during the last seven days has resulted in three hundred arrests.

**ARGUMENTS BEGAN
IN PICKFORD CASE**

MINDEN, Nev., Nov. 27.—Arguments began in the district court here today to quash the suit the state filed to set aside the divorce granted Mary Pickford from Owen Moore. Miss Pickford since her divorce was granted here March 2, has married Douglas Fairbanks, and in the state's petition was referred to as "Gladys M. Moore" known as "Gladys M. Fairbanks."

The proceedings today did not go to the merits of the controversy as raised by the state, namely, that Mary Pickford's divorce decree was secured as a result of fraud and thru collusion between herself and Owen Moore.

Kansas farmers without doubt have faith in the future of their country even though much disturbed by the sensational drop in grain prices. This fall the acreage sown to wheat is one of the largest on record.

It is no wonder that Cook county people who pay attention to public affairs are very much in favor of a revision of laws relating to marriages. In eleven weeks recently Judge Scanlan assigned to divorce court work, passed upon 806 cases.

The railroads of Illinois have the much desired order from the interstate commerce commission to increase the passenger rate in

this state from 3 cents to 3.6 cents per mile, in accordance with the interstate rates already in force. The attorney general's office will make an effort to combat this order, but the chances are not very good for keeping the rates on the present basis.

The reorganized band of Jacksonville is to give a concert this afternoon. Your presence will mean that you are interested in the organization and believe that it should become a Jacksonville institution.

Eggs are still quoted at 82c a dozen but no increase in the number of people engaged in poultry farming has been noticed. The price of corn is 45c a bushel, but the demand for rental farms is just as active as ever.

The Indians of the U. S. in their recent convention asked for full citizenship. Certainly they are entitled to this recognition and their own condition is all that debars them from it. When the Indians as a whole, through education and contact with white men, are ready to meet the obligations of full citizenship the days of the reservations will be at an end.

School week is the next thing on the calendar, for the commissioner of education has asked

for special observance of the day from Dec. 5 to 11. The purpose is to bring the people into closer touch with the school system and to reveal special needs. That is one department of public life where interest is continuous. There is little danger of overdoing the school system and anything which tends to better educational facilities counts for higher citizenship and well ordered expense really becomes an economy of government.

There has been an alarming series of bank failures in North Dakota. Just a little study of the situation there indicates that these failures are due to the efforts of certain radical political leaders to set aside certain basic economic principles and to make business conditions just according to their liking.

With extreme high prices prevailing they were able to have the appearance of success, but with normal and below normal prices ruling they are finding there are certain immutable laws which govern and they cannot change them merely by state legislation.

A Massachusetts young man who is one of the heirs of a multi-millionaire has declined to take his share in the estate, amounting to a million dollars. He is not insane nor angry, but

is a consistent believer in the theory that there is something wrong with the inheritance laws in this country, and that he should not be permitted to come into the possession of such a huge sum without effort on his own part. Then, too, he has the good belief that he is perfectly able to earn his own living and that he can be much happier with money which comes into his possession in this way.

The case is unique. There are plenty of people who do not believe in the inheritance of great wealth, but except in very rare instances they are not in line for any bequests themselves. They are seeking to apply the principle to other people.

Rippling Rhymes
By Walt Mason

The Usual Luck.
I bought a hundred-dollar suit, one day when I was feeling flush; and people said I looked the plute, arrayed in costly dark green plush. I proudly loaded around the town and told how much my raiment cost, and then the price of clothes came down, and life became a killing frost. Then Jinks and Jompsen fell in line, and so did Smith and Brown and Jones, and bought them suits the same as mine, and only dug up sixty bones. I to the

tailor went, in tears, and handed him some hot abuse, whereat he smote me with his shears, and roundly soaked me with his goose. I bought a handsome limousine (and placed a mortgage on my shack), and it was painted Brewster green; two thousand plunks it set me back. Then for a week I rode around, inflated with a foolish pride, on vain and giddy errands bound; I gave her gas and let her slide, and then the price of cars was cut by makers who were fond of fun, and Johnson, Perkins and McNutt bought cars like mine for half the mon. And so no smiles my face bedeck, I spring no glad and joyous yips; I always get it in the neck when I go forth on shopping trips. No matter what I buy today, the price goes down tomorrow noon then wiser shoppers go their way, and save the groat and pleasure.

FRANK KIRK PLAYS
IN HIS HOME TOWN

Well Known Musical Genius Makes Great Hit Before Home Audience—Harvey's Minstrels Play to Two Big Audiences.

Frank Kirk, musical genius played in his own home town Saturday afternoon and evening. It is often said that a "Prophet is not without honor save in his own country." Frank gave the lie to that statement yesterday.

Both at the matinee and night performance he was a scream and had his audience with him from start to finish and it was difficult for him to get away in order that the remainder of the show could be given.

Frank Kirk began his theatrical career in Jacksonville by giving shows in the old barn which stood in the rear of the family home on West College street. He early evinced a talent for music and can play almost anything. Practically all the instruments he uses are of his own manufacture. In addition to his musical talent he is a comedian of the highest type, as well as being a dancer and acrobat.

It has been some years since he had an opportunity to appear before a home audience and it must have warmed his heart at the reception accorded him yesterday.

While of course Frank Kirk was the main attraction for a majority of the audience, the Harvey Minstrels is well worth seeing. Mr. Harvey is one of the best known minstrel men in America and always keeps his show up to the highest standard.

The entire performance was filled with good singing and dancing and the vaudeville after-part was of the same high class. The settings and costumes are of the best and the show taken in its entirety is one that is well worth while. It is to be hoped that Mr. Harvey will keep Jacksonville in his itinerary for future performances.

The Young Women's Guild of Congregational church will hold a bazaar at the church Dec. 3rd, afternoon and evening, at which time fancy work, aprons, candies and cakes will be offered for sale.

GRACE CHURCH SALE of aprons and other fancy articles will begin at the church at 1:00 p. m., Thursday, Dec. 2. A turkey supper will be served at 5:30 and 6:30. No tickets will be sold that evening, so secure same in advance.

LOUISE GLAUM
—IN—
"LOVE MADNESS"
From the Story by C. Gardner Sullivan
MEN! WOMEN!
If you were condemned to die would you want the woman you loved to give her good name to save you? Louise Glaum, as "Mary Norwood" in this great production, penetrates to the lowest depths of the underworld—and emerges triumphant. It is the story of a woman's sacrifice and a man's regeneration.
Fresh from her triumph in "SEX," Louise Glaum, "The Orchid of the Screen," comes to us Monday and Tuesday in a gripping new story from the pen of C. Gardner Sullivan. It is a lavish production—J. Parker Read, Jr., was responsible for it—and nothing has been spared to make "Love Madness" what it is—a truly great picture. Come—You'll count it two hours well spent.
Women have made sacrifices for the men they love ever since the very beginning of things, but never was there a more startling one than that which Louise Glaum performs in "Love Madness."
Miss Glaum will be seen in a different role than she has appeared in of late—that of a quiet, "home-y" sort of woman whose every thought is for her husband and her child—until her husband is taken from her by the Law and condemned to die for a crime that he did not commit. Then she fights—and fights hard!—with every weapon at her disposal—beauty, brain and the age-old lure of Sex. She wins her fight too, despite the fact that she has to match her wits against the keenest brain in the Underworld.
You are going to enjoy this "love story of a married woman" and the game fight that she makes to save her husband's life—it is one of the very finest bits of screen entertainment that has been offered in a very long time. And Miss Glaum wears some of those marvelous costume creations that have helped to make her famous.

A FAYETTE WINS
CROSS COUNTRY RUN

Bethlehem, Pa., Nov. 27.—LaFayette College again won the Middle States Intercollegiate championship cross country run today with a total of 15 points.

Crawford of LaFayette finished first, setting a new course record by covering a distance of five and one quarter miles in 30 minutes and 40 seconds.

TWELVE DEATHS
FROM FOOTBALL

CHICAGO, Nov. 27.—Football exacted a toll of twelve victims during the 1920 season, which closed with Thanksgiving day's game, according to reports to the Associated Press today. The number of deaths was five greater than in 1919 and one above the list of two years ago.

The majority of the youths killed this season were high school players, who may have entered the game without sufficient physical training for so rough a sport and with only limited knowledge of the game.

Defenders of the sport pointed to the fact that not a fatality occurred in the big universities of the country, where the game is conducted under expert physical direction and coaching.

The development of the open style of play instead of the smashing game of a dozen years ago, and the improved, heavily padded uniforms and headgears, is eliminating much of the danger, according to football experts.

OHIO WILL PLAY
IN CALIFORNIA

PASADENA, Calif., Nov. 27.—Ohio State and the University of California are the teams that will fight it out in the annual East-West football classic here on New Year's day.

The Tournament of Roses association, under whose auspices the game is held last night asked the University of California to represent the West and it was said at the university that President David Barrows undoubtedly would accept for the university.

Ohio State had already accepted an invitation to represent the East.

Navy Downs Army
In Hard Game 7-0

NEW YORK, Nov. 27.—Line plunges with superdreadnaught backs, aided by a smoke screen of delayed double passes enabled the Navy to triumph over the Army 7 to 0, in the annual gridiron clash at the Polo grounds today.

When, early in the fourth period, Ben G. Koehler of Geneva, Nebraska, former star at the University of Nebraska, crashed over the Army's last white line on a double pass play that started seven yards from the goal, Navy officials among the 45,000 spectators could draw an analogy between the main reliance of football offense and that of actual battles at sea. Both elevens had found the forward pass ineffective for piercing the enemy's territory. Discarding modern aerial tactics, the navy relied on the battleship tackle smashes from a close square formation so efficiently that after the touchdown was made, another was prevented only by a fumble, fourteen yards from the Army's goal.

"Come eleven" had been the Navy slogan in preparation for the annual service game and eleven came, meaning the eleventh victory for Annapolis football teams over West Point, which makes the series now stand even. While future admirals gambled in a snake dance over the gridiron, Joseph Daniels had the pleasure of seeing his last Army-Navy game as Secretary of the Navy, end in a victory for the arm of the service of which he is the head. He and Secretary Baker, General Pershing, General Neville of France and other officials were among the thousands of civic and service notables at the game. The break of the game came near the end of the third period. A punt by the Army from its own 34 yard line went outside and netted only 12 yards from line of scrimmage. A forward pass of eight yards and a six yard line buck by Conroy gave the navy a first down 22 yards from the Army's goal as the fourth period opened.

Then came the change of tactics. In two line plays, Koehler put the ball seven yards from the Army's goal and gave the Navy a first down there. On the next play, Hamilton, the Navy fullback started from a close formation as for a buck at the Army's right guard. Conroy instead passed the ball to Noyes, then playing at right halfback, and he turned and gave it to Koehler, who plunged thru the Army's left tackle for a touchdown. King kicked the goal after the touchdown and there as if developed the scoring ended but not until after another brilliant march down the field by the mid-dies.

While entering the grandstand before the game Mrs. Mary Wilcox, wife of Colonel Cornelius de W. Wilcox, professor of modern languages at the Military Academy, was taken ill and died before reaching her box.

The line-up and summary:

Navy (7): Storeck, Bolles, Davidson, Wilkie, Clark, Larson, Greene, Moore, Bredster, King, Mulligan, Ewen (c), White, Conroy, (c) Wilhide, Koehler, lb., Smythe, McKee, rlb., Lawrence, Hamilton, fb., French.

Score by periods:

Navy 0 0 0 7—7
Army 0 0 0 0—0

IMMENSE SUM
FOR BEET GROWERS

Interesting Story Is Told by Distribution Made by Factory In Nebraska.

Clark County recently left at the Journal office a copy of the Star Herald, published in Scottsbluff, county, Neb. This county is one of a group contiguous to a beet sugar factory, operated by the Great Western Sugar company. The article mentioned gives the details of distribution by the company in one day of the immense sum of \$2,539,159.5. This money was paid in checks to the farmers of that county and broke all records for a single day's payment by any institution in that part of Nebraska.

There are about 20,710 inhabitants in Scottsbluff county and the disbursements by the company for the year have been equivalent to \$277.22 for each person.

The great Western company operates in three other counties beside Scottsbluff and while the disbursements in the county mentioned are somewhat larger than in the other three counties, the total of business runs to enormous figures.

INCREASED INTEREST
IN BIG TEN GAMES

CHICAGO, Nov. 27.—Requests for a longer playing schedule for Western Conference football teams will be presented to the faculty committee which meets here in annual session, December 4, according to reports today. Several of the big ten coaches are said to favor a nine game schedule instead of seven, as at present, adding perhaps, two preliminary contests to fit the elevens for the important battles late in the season.

The increased interest taken in the Big Ten games is shown by the big increase in receipts this year at many of the colleges, advocates of the longer season declare. Chicago and Northwestern showed greatly increased receipts over any previous year, and Ohio State and Illinois are planning vast new stadiums.

Miss Edna Kent, 206 North Monroe street, Peoria, died suddenly shortly before noon yesterday at Springfield.

The cause of her death is given as acute cardiac dilation. No arrangements for disposal of the body have been made although it is said burial will be in Peoria.

The deceased who was about 60 years of age, had been visiting over the holidays with her

sister, Mrs. Charles G. Gray, at Springfield.

Altho her death was sudden it was not altogether unexpected. She had been under the care of a physician and for that reason no inquest is to be held.

For many years Miss Kent resided at 115 Seventh street, Peoria, where she conducted a private school of shorthand and typewriting. She was considered one of the best stenographers in the state.

Elias Rogers made a trip from Waverly to the city yesterday.

MISS ROGERSON TO WED MR. TOMLINSON

Marriage of Well Known Young People Will Be New Year's Event.

Sixteen of Miss Dorothy Rogerson's friends were guests at a delightful luncheon given at 1 o'clock Saturday afternoon at the Rogerson home, 327 Lockwood place.

When the company assembled around the tables their attention was immediately caught by the favors, which were tiny dolls wearing tulle veils and orange blossoms and standing on heart-shaped cards which bore the initials, "D. W. R. and E. M. T." and the date, Jan. 1, 1921, this conveying the information that Edward M. Tomlinson and Miss Rogerson are to be married on the first day of the New Year.

Naturally, this fact was the subject of most of the gay conversation about the little tables, which were beautifully decorated, the centerpieces being white baskets filled with ferns, the salted nuts in tiny white baskets with tulle bows on their tall handles, and the place cards hand-painted with little baskets of ferns. The house decorations were in green and white.

A delicious four course luncheon was served and the guests lingered until late in the afternoon, enjoying the cordial hospitality of Mrs. Rogerson and Miss Rogerson.

This wedding will be one of the interesting social events of the winter season and will result in the union of two long time Jacksonville families. Miss Rogerson and Mr. Tomlinson both graduated from Illinois college in the class of 1920. While their engagement had been known informally for a number of months, their numerous friends will be greatly interested in the wedding announcement. Both, during their student days, were extremely popular and prominent in the affairs of college life.

Mr. Tomlinson is associated with his father, T. M. Tomlinson. In the clothing house that has through many years borne the family name.

Mr. Albert Jones of Oakland, Calif., a steel worker by trade was united in marriage Saturday to Miss Effie Smith of Jacksonville. The young couple will go to Chicago for a few days.

Davenport-Agnew
Frank L. Davenport and Miss Lucille Agnew, both of Waverly, were united in marriage at 2:30 o'clock Saturday afternoon by Dr. Myron L. Pontius, pastor of Central Christian church at the church parsonage. They were unattended.

The bride is the daughter of Rev. and Mrs. T. H. Agnew and formerly resided in this city. She is a young woman of much personal charm and highly regarded by a large circle of friends. The groom is a farmer by occupation and commands the respect of all in his home community. They will reside on a farm near Waverly.

An unusual scene was presented at the Rapp harness shop yesterday, when neither Deem nor Thomas were in sight. Thomas was laid by with a bad cold and unable to be on deck and Friday Deem had the misfortune to sprain his ankle and was also absent. Their valued friend, J. T. Withers, always ready to help out, kept store for them in fine style and no one went away dissatisfied. He made a few little breaks, such as showing a saddle instead of single harness, as he had heard of the saddle part of gears, and he wasn't sure whether the blankets were for horses or humans, but he did admirably and went home with a feeling of duty well done and tomorrow one or both proprietors will doubtless be on hand.

FORMER RESIDENT DIES IN OKLAHOMA

Word has been received here of the death of Miss Virginia Graves in Oklahoma City. Miss Graves formerly lived in Jacksonville and was principal of the Franklin school here from 1882 to 1886, when she was made principal of the high school, which position she filled until 1897. She was

an exceptionally fine teacher and had a strong personality.

Since living in Oklahoma Miss Graves has taught, and the following clipping from an Oklahoma City paper, printed a few days before her death, shows that she exerted in that community the same forceful influence for which she was valued here: "Miss Graves, who has done private

coaching and teaching for many years and had among her former business men and well known young matrons, is one of the 'born teachers' who has made her imprint upon the life of the city."

EDUCATIONAL NOTES.

Bishop Thomas Nicholson has purchased a house in Mount Vernon, Iowa. It is now occupied by Prof. E. R. Ristine, of the Cornell faculty, who will continue to use it until Bishop and Nicholson remove to Mount Vernon permanently. Bishop Nicholson now resides in Chicago, as the Bishop of the Chicago area.

Dr. John G. Hill, head of the Religious Education Department of the University of Southern California, says that teachers in the field of religious education estimate that no less than 40,000 paid church workers can be placed within the next five years. In order to meet this current demand, Dr. Hill says it is hoped that the brightest and best young people in our colleges will take the training and be ready for some of these positions.

With dignified and impressive ceremonies, Rev. Fred W. Hixson, D. D., LL. D., was on Armistice Day inaugurated president of Allegheny College, the eleventh incumbent of the office since the founding of the institution in 1815. Representatives of fifty-five of America's leading colleges and universities were present.

Governor William C. Sproul, the Rev. Bishop Francis J. McConnell, were present. Governor Rev. Bishop Francis J. McConnell, of the Methodist Episcopal church, President Hixson, and Mr. Frank P. Miller, president of the Allegheny College Alumni association, delivered addresses. The degree of Doctor of Laws was conferred upon Governor Sproul.

Over \$2,000 from Northwestern University alumni laboring in far-away corners of the earth has been received recently in the university's campaign for endowment funds. Africa, Japan, China, India, Hawaii and Peru are among the countries whence these cheering gifts have come and indicate the world-wide character of the Northwestern canvass for funds.

Operating expenses for Northwestern University during the year just passed were \$1,398,000. William A. Dyche, the business manager announces. He also states that a deficit of \$123,490.20 was incurred.

Chancellor James R. Day, of Syracuse University, on Friday, November 19, opened a drive for five million dollars to increase the Endowment fund at Syracuse University. The campaign for increasing the endowment was decided upon a year ago, but it was not deemed wise to start it in earnest until this fall. "Something must be done," said the chancellor, in announcing that the drive was under way. "to

make the income of the university equal to its expenditure."

An offer of \$2,000,000 by the general education board, if the college raises \$400,000, was accepted by the Board of Trustees of Lawrence College at its semi-annual meeting in Appleton this month. The money will be used to meet the deficit of several years past and to increase the salaries already granted the faculty.

Help Observe School Week.

Ideals of education in America were originally conceived and largely developed not by government officials but by private individuals who were as a rule directly or indirectly representative of the churches. These men sought to provide the best education is an indication that the action of the churches has leavened the entire nation. The Bureau of Education at Washington calls for the co-operation of the churches. These men sought to provide the best education in institutions permeated by Christian convictions and ideals.

The later, and in recent years rapidly increasing, attention of town, state and federal governments to education is an indication that the action of the churches has leavened the entire nation. The Bureau of Education at Washington calls for the co-operation of the churches in the observance of "School Week."

December 4 to 11, and this calls for my cordial assent. As corresponding secretary of the Board of Education of the Methodist church, I take the liberty of seconding the call. During the proposed period, the people cannot think too much, and pastors, professors, and teachers cannot talk or preach too much about questions concerning the education of the children and youth of the land.

A wide variety of institutions, private and public, are included in the education system of the United States. Let the pastors and the people of our churches, and the teachers and students in our institutions of learning vie with each other all these institutions, and to provide educational facilities, methods and processes more than ever worthy of the confidence and devotion of the nation.

Students of the Expression Department of Illinois College, under the direction of Mrs. Perry C. Thompson, will give a recital Thursday evening, Dec. 2nd, at 8 P. M., at Academy Hall. An attractive program has been prepared, consisting of a comedy sketch, a dramatic sketch, a monologue, and some short poems. Admission is free and the public is cordially invited.

GO'DEN WEDDING ANNIVERSARY

Mr. and Mrs. A. B. Ruyle of Green County Celebrate Their 50th Wedding Anniversary.

Married — On November 24th, 1870 at the home of the bride's parents, Mr. and Mrs. Geo. W. Crayne in Green County, Ill. Mr. A. B. Ruyle and Miss Etta J. Crayne. The young couple went to housekeeping on a farm ten miles east of Roodhouse. They still reside on the old home farm, where on Wednesday, November 24th, 1920, they celebrated their golden wedding anniversary. Seven children, thirteen grand children and two great grandchildren besides many relatives, friends and neighbors attended. Mr. and Mrs. W. E. Sullivan and daughter also Mr. and Mrs. Lee Sullivan and daughter were present from Jacksonville.

It is remarkable how well preserved this couple is as Mr. Ruyle has few gray hairs and his wife is the same active busy housewife she has always been and on the wedding anniversary, many remarked that it was the first time that a dinner had been prepared in her home in which she did not assist. But the children and grandchildren insisted upon her entertaining the guests while they prepared the dinner and it was some real country dinner.

Attending this anniversary were two people who attended the original wedding fifty years ago. Mrs. W. E. Sullivan, youngest sister of the bride and

Wilson Whitlock an intimate friend of the groom fifty years ago.

Altogether there were fifty-five people attending this delightful event. The day was ideal and all departed wishing them many happy returns of the day.

It was remarked during the day what wonderful changes had come to pass since the marriage of this happy couple.

At that time there were no electric cook stoves, irons, lights, cars, motors, phonographs, telephones, dictaphones, moving pictures. In fact nothing electrical but the then crude telegraph. Also at that time there was no such article known as gasoline. Hence no gasoline stoves, engines, automobiles, aeroplanes or anything of that kind. Neither were there any bicycles, player pianos, typewriters, and hundreds of every day appliances with which it would seem almost impossible for the world to do without at the present day.

TO SPEND WINTER

IN CALIFORNIA
Mr. and Mrs. Richard C. Reynolds will leave today for Los Angeles, Cal. They are expecting to spend the winter in the coast city and will be in San Diego a part of the time. Miss Emma Reynolds is now in Los Angeles and Ralph Reynolds is living in another California city.

NOTES FROM COUNTY ADVISERS.

"Resists Chinch Bugs.—After looking over several fields of Champion White Pearl Corn in the county, we find that chinch bugs do not damage it as much as the yellow varieties. In one case the bugs went thru a field

of Champion White Pearl, which will yield between 40 and 50 bushels, and took practically all of the member's Reid Yellow Dent on the other side. A large amount of this corn will be planted in this county next year."—Pollock, Edwards Co.

"Convincing Evidence of the superiority of White Corn (Especially Democrat or White Pearl) over yellow varieties with regard to chinch bug resistance may be found on every hand. There will be a big demand for Democrat Corn for use within the county, yet we expect to have about 1,000 bushels to spare."—Thomas, Jackson Co.

"Acid Phosphate Most Economical Potato Fertilizer.—On a member's farm, a comparative test of 16 per cent acid phosphate and a commercial mixture on potatoes in connection with manure, gave the following instructive results.

Manure Alone—121 bushels per acre.

Manure and 350 pounds acid phosphate—220 bushels per acre.

Manure and 350 pounds—0-24-4 mixture—161 bushels per acre.

The Acid Phosphate was given as a surface application in the spring just before planting the potatoes, at the rate of 350 pounds per acre. It was worked into the soil by a double harrowing. The ground had been plowed in the fall, after receiving an application of barn-yard manure. The purchasing price of the Acid Phosphate was \$26.50 a ton which made the acre application of 350 pounds, cost \$4.65 not counting the work of spreading."—Tillman, St. Clair County.

"A Car of Limestone on the siding where farmers coming in to town can see it, will do the work of much publicity."—Brown, Stark County.

"The Man With Scrub Purebreds—The one who thinks all he needs to do to acquire fame and wealth is to buy a lot of pure-bred cattle, hogs, horses or sheep, and then proceed to let them shift for themselves, will soon learn the reputation of 'the man with the undesirable purebreds.' He will find that his wealth is not the kind the banker will recognize."—Weekly News Letter, U. S. D. A.

"The Red Top Market is very dull this year, and we have not been able to dispose of our Red Top seed with any profit. Do not seem to be able to do anything with the seed which will give us a better market, as too much was left over from last year."—Blackburn, Marion Co.

"The Outlook for the Dairy Men is not extremely bright at this time. The price of milk is being cut in many places \$1 to \$1.20 per cwt. Farmers are discouraged and are selling their entire herds in many cases."—Garke, McHenry Co.

"The Shrink of 50 Per Cent in the Value of what the farmers have earned this year, is putting them in a very determined mood to support their organization in making a study of, and establishing means to avoid fluctuations."—Brooks, LaSalle Co.

"J. W. Watson, now assistant adviser in Champaign County, has been employed as Farm Adviser in Pike County to take the place of Mr. A. E. Burwash, who will assume the management of the Allerton Farms near Monticello. Mr. Watson was reared on a farm in DeKalb County, graduated in agriculture at the University of Illinois and has been assistant adviser in Champaign County for two years. He will take up his new work with headquarters at Monticello about October 20.

HARRY THOMPSON AND MISS WESTROPE WED

Fifty Relatives and Friends Attended Marriage of Local Couple at Bride's Home.

Harry E. Thompson and Miss Hazel Vivian Westrope, both of this city, were united in marriage Thursday afternoon at 3 o'clock, at the home of the bride's parents, Mr. and Mrs. James Westrope, on Doolin avenue.

Rev. M. L. Pontius performed the ceremony. The wedding march from Lohengrin was played by Miss Inez Pires of this city. Just before the couple were united a beautiful violin number "O Promise Me," was rendered by Miss Louise Robinson with the piano accompaniment.

The bride couple were attended by Miss Genevieve Westrope, sister of the bride, and Russell Thompson, brother of the groom. The house was beautifully decorated with roses and chrysanthemums. The bride party stood before an arch of roses. The color scheme being of pink and white.

Mrs. Thompson is the eldest daughter of Mr. and Mrs. Westrope. She is a member of the Central Christian church of this city. She is a competent young lady well liked by all who know her. For the past year she has been employed as bookkeeper at F. W. Woolworth Co.

Mr. Thompson is the eldest son of Mr. and Mrs. W. C. Thompson east of this city. He is an accomplished young man of sterling character. He attended the public and high schools of this city.

The couple received many beautiful and useful presents.

A two-course luncheon was served and the bride's cake was cut, with the ring going to A. H. Wyatt.

The young couple immediately departed on an evening train for a brief trip. Upon their return they will be at home on a farm east of this city furnished by the groom.

About fifty persons witnessed the ceremony. Those out of town being present were: Mr. and Mrs. Earl Taylor and Miss Minnie Wyatt, of Springfield; Mr. and Mrs. Eben R. Crum and family, of Virginia; Mr. and Mrs. Thomas Elliott, of Chapin.

James W. Martin of Joy Prairie was attending to affairs in town yesterday.

SOCIAL SERVICE LEAGUE NOTES

The Springfield office has called Miss Jennings home, much to our regret. We had hoped to have her a full month. However, we are deeply grateful for the three weeks she was with us. One of the things of permanent value which she did for us was putting our records into more serviceable shape.

Forty-two well-loaded baskets went from the rooms on Thanksgiving eve. They seem to have served their purpose well, for only two applications of any kind were made to the office the next day and one of those was by previous appointment.

One of the surprises of the truancy work is the number of parents who are willing and even anxious that their children should be out of school. One mother gave as her reason for not sending her daughter to school that she was the only girl she had. Another said indifferently, that they had never had been able to send the children to school all the year.

Membership subscriptions are coming in promptly in answer to the letters sent out to our old subscribers.

The letters were mailed at 7:00 a. m. and the first two subscriptions were received before 11 o'clock the same morning. One hundred and sixty-six dollars has come in during the last four days. We need about ten times that amount.

The league could use to good advantage some old but warm and clean, bedding, especially comfortables and blankets. Any of you who have such to spare just let us know and we will send for them.

The November directors' meeting comes next Tuesday evening, and there are important matters to be decided. If you have the honor of being a director, try to be there.

The Most Precious Gift

Of parents to the child is a healthful body

Only with it can one enjoy the blessings of life. There is only one way of keeping such a body. "KEEPING FIT," that is by keeping in REPAIR.

The successful farmer examines and repairs his machinery frequently, that he may get the best "RESULTS" from its use.

The auto is kept in repair that its use may add pleasure to the family life.

But, of the HUMAN MACHINERY, what?

It may fall to pieces, be racked by pains and become a burden, and finally join in that great phalanx, 500,000 strong, who march to untimely graves every year—Who might live if they would just value the HUMAN MACHINERY as much as the auto, the plow, the horse.

Now is the time of year to have that body gone over and small defects repaired.

Bluffs, Nov. 26.—The pupils of the seventh grade assisted by their teacher, Miss Nora Dolbear, entertained the eighth grade pupils at party given in their honor at the gymnasium of the school building Monday night. A jolly evening was spent in games and merry making. Refreshments were served. A few weeks ago the eighth grade pupils gave a party for their teacher, Miss Nora Dolbear, but neglected to invite the seventh grade. They decided to return good for evil. The eighth graders felt somewhat sheepish in regard to the matter but decided to attend the party which they did and thoroughly enjoyed the evening.

Cincinnati found the demand
for its dormitories so insistent
that it made the finishing of the
two upper stories, to provide 108
more rooms, making 355 in all,
imperative. So appeal was made

pledged in a few days. On the
building fund, for which an even
\$500,000 was pledged, \$509,525
was received with accrued in-

to one-sixth the size of the build-
ing is projected and five more
branch buildings are demanded.

A PLEASANT THANKSGIVING

HE CAN DO A BIG DAY'S WORK

Says Words Fail to Express His
Gratitude to Tanlac for Re-
storing His Health.

"If everybody only knew the
value of Tanlac as I do there
wouldn't be so much suffering
going on, and since it has done
so much for me I feel like it's my
duty to help others find out
about it," said William Beck, of
1221 N. Mason street, Bloom-
ington, Ill.

"I suffered from a long-
standing case of stomach, liver
and kidney trouble, and had just
about given up all hope of ever
being well again. My appetite
left me entirely, and whenever I
did manage to eat a little some-
thing I would bloat up with gas,
which so affected my heart and
breathing that at times I thought
each breath would be my last. I
had awful dizzy spells, and when
I stooped over the pains in my
back would almost drive me to
distraction. I felt so miserable
in the morning that it was all I
could do to get out of bed and
finally I got so weak my work
just became a burden to me.

"After hearing several of the
boys down at the shops telling of
the way Tanlac was helping them,
I began taking it myself, and the
very first bottle helped me so I
could feel a big improvement in
my condition. I have taken six
bottles now and am enjoying the
best of health again. My appetite
is fine and I never suffer from
gas or palpitation and my
breathing is never affected. I no
longer have any trouble with
my liver or kidneys and can now
do as much work as anybody in
the shops. I owe my present
good health entirely to Tanlac,
and I just can't express the
gratitude I feel toward this
great medicine."

Tanlac is sold in Jacksonville
by J. F. Shreve, and by the
Wyle Drug Co., Franklin and
Waverly; and leading drug
stores in other cities—(Adv.)

TO MAKE APPEALS IN CHURCHES FOR XMAS SEAL CAUSE

Five Minute Addresses In Every Church Sunday—List of the Speakers.

The cause of the Red Cross Christmas Seal sale will be carried into the Protestant churches of Jacksonville Sunday, and the congregations urged to support the sale. A speaker has been provided for each church. They will deliver a five minute appeal for the cause.

Following is the schedule for the churches tomorrow:

Central Christian—Hugh Green.
Congregational—Dr. Garm Norbury.
Grace Methodist—Prof. Woolston.
Centenary Methodist—L. S. Doane.
Brooklyn Methodist—Dr. H. L. Griswold.
State Street Presbyterian—H. H. Baneroff.
Westminster Presbyterian—Mrs. Nettie Havenhill.
Northminster Presbyterian—Dr. Carl E. Black.
Trinity Episcopal—Dr. Josephine Milligan.
Mt. Emory Baptist—Eugene Hayden.
Bethel A. M. E.—Rev. H. H. DeWitt.
Second Christian—Miss Susie Lynch.

The first week of the Christmas Seal sale has been fairly successful, according to the persons in charge.

Many of the little mercy stamps have been sold through the public schools and many more will be disposed of through this channel before Christmas time. The various schools are conducting contests, the pupil who sells the largest number of stamps to receive a prize.

It should be remembered that the money resulting from the sale of seals goes to the maintenance of the Open Air school here.

YOUR EYES TIRE EASILY

Like other parts of the body, your eyes are subject to fatigue.

But if properly used, they can do an enormous amount of work without becoming tired.

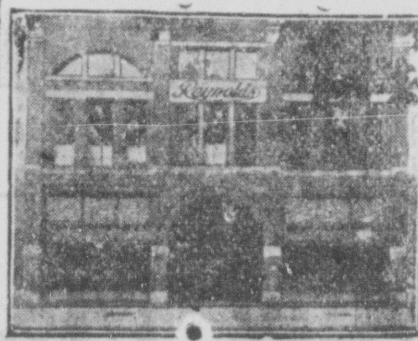

Therefore, if they tire easily something is wrong, and they should have immediate attention.

Eye-weariness shows itself in blurred vision, in headaches, in inability to recognize persons at usual distance, and in slowness in changing focus, when you suddenly look up from close work.

If you have any of these symptoms let us make an examination of your eyes.

EXECUTIVE BOARD OF I. W. C. IN SESSION

Members Expect to Further Improvements at College—Other News From School.

Friday afternoon the executive committee met to discuss plans for the remainder of the year. It was decided to finish a number of improvements begun last summer. The preliminary work for the endowment campaign was discussed and definite plans made along that line. Among the new plans discussed and approved by the executive committee was the fitting up of a diet kitchen to be used in connection with the infirmary. The department of home economics will co-operate in work of this new feature of the school.

Mr. and Mrs. James E. MacMurray of Chicago were guests at the college on Friday. Mr. MacMurray is a trustee of the college and a member of the executive committee. He has recently been elected a member of the state senate. Mrs. MacMurray is greatly interested in the work of the school and has been helpful in securing much needed new furnishings. Friday afternoon she was the guest of honor at a tea given by the faculty.

The Phi Nu society will hold its annual banquet Saturday night in its hall. A large number of graduates and former students will be present.

The Atlantic Monthly for November, 1920, contains an article by Alice G. Masaryk entitled "From An Austrian Prison." Miss Masaryk is the eldest daughter of the president of Czechoslovakia, and was kept a prisoner during the war by the Austrians. The article was translated from German to English by Feri He, who is doing Y. W. C. A. work in Czechoslovakia.

The hockey tournament was decided Thursday morning at 9 o'clock, the winners being the Sophomores. The contest was unusually close this year and more than the usual amount of interest was created.

At the chapel exercises on Friday morning Mr. MacMurray of the board of trustees was present and made a very interesting address to the students.

More than a score of alumnae and former students attended the Thanksgiving celebration. The class of 1920 held a reunion as one of the events of the home-coming.

Students of the Expression Department of Illinois College, under the direction of Mrs. Perry C. Thompson, will give a recital Thursday evening, Dec. 2nd, at 8 P. M., at Academy Hall. An attractive program has been prepared, consisting of a comedy sketch, a dramatic sketch, a monologue, and some short poems. Admission is free and the public is cordially invited.

EDISON ARTIST WILL APPEAR NOVEMBER 30

Brady Brothers Will Present Miss Edith McDonald, Gifted Soprano, at I. W. C.

Brady Brothers will present Miss Edith McDonald, soprano, Miss Olive Robertson, pianist, and Mr. Charles Young, violinist, in a recital at Music Hall, Illinois Woman's college, Tuesday, November 30th. Miss McDonald is a charming young soprano, a native of the Sunny South, and her singing of negro spirituals and old southern melodies is said to be truly traditional and charming.

Miss McDonald and Miss Robertson, the pianist, were members of the "Over There" entertainers during the world war and, needless to say, they pleased "our boys" with their music, songs and delightful personalities.

Mr. Young is a talented violinist and always scores a hit with the audience. There are indications that something out of the ordinary will be heard at this recital although Brady Brothers refuse to divulge just what it is. The reporter has his suspicions. If they are correct those who attend are apt to have a very pleasant surprise.

ILLINOIS COLLEGE NOTES

Among the visitors for the annual homecoming were Mr. and Mrs. Reuben B. Stoddard of Mazon, Ill. Mr. Stoddard was a member of the class of '91 and had not been back to the campus for many years. He visited his old room in the "dorm" and other old haunts on the campus. Mrs. Stoddard is a sister of F. W. Wilcox, a former member of the class of '83 and a sister of Mrs. Edmona Wilcox Farney, a graduate of the Athenaeum. Both Mr. Reuben Stoddard and his brother Bertel of Sloan, Iowa were generous donors to the College Endowment Fund.

Among the Illinois College men elected to public offices at the recent election were: Andrew Russel, W. A. State Auditor of Illinois; Bertel M. Stoddard '91, State Senator of Iowa; Richard Yates '80, Congressman at Large from Illinois; and Carl E. Robinson, '09, States Attorney of Morgan county.

The majority of students have gone home for the Thanksgiving recess which lasts from Wednesday evening to Monday noon.

There will be no devotional meeting at Academy Hall Sunday evening on account of the Thanksgiving recess.

The girls of the Y. W. C. A. gave a very pleasing little play at Academy Hall Tuesday evening, entitled "A Step in Time." The leading parts in the cast were taken by Edward Tanner, Floyd Lashmet, Kathleen Emory, Mary Ann Gillespie, Marie Thomas.

The annual leaf-raking occurred on Tuesday afternoon and evening.

The students of the expression department under the direction of Mrs. Perry C. Thompson, will give a recital at Academy Hall, Thursday evening, December 2 at 8:00 o'clock. An attractive program has been prepared, consisting of a comedy sketch, a dramatic sketch, a monologue and some short poems. Admission is free and the public is cordially invited.

ILLINOIS WOMAN'S COLLEGE NOTES

Miss Clara Moore, violinist, of the College of Music faculty, will give a recital in Music hall Monday evening, Nov. 29, at 8:15. This is the third of the faculty series of recitals. The public is cordially invited.

The appearance of Augusta Cottlow, pianist, at Music hall, Dec. 6, is arousing much enthusiasm among music lovers. Her program has been received and is of unusual interest. "Musical America" of recent date gives high praise to Miss Cottlow on her present tour, saying in part as follows: "Augusta Cottlow, the brilliant American pianist, is well known on both sides of the Atlantic, where she has played with success since her childhood. Going abroad as a very young girl, a pupil of the late Carl Wolfsohn of Chicago, she had the distinction of being one of the first pianists to make a pronounced success in the musical centers of Europe on the strength of purely American training. Miss Cottlow has played with almost all of the orchestras of distinction, both here and in Europe, and MacDowell's Second Concerto has invariably been her choice for the program of her first appearance with each of these organizations. She has introduced the Concerto to many of the countries of Europe. She has also been instrumental in making MacDowell's sonatas familiar to the concert public, and was one of the first to introduce Debussy's works in America. Miss Cottlow is meeting with marked success on her nine weeks' tour of Ohio, Missouri, Illinois, Iowa, Nebraska, North and South Dakota and Michigan. On Nov. 14 she plays the MacDowell Concerto with the Detroit Symphony orchestra."

Janice Prather, student of Miss Edith Robinson, is accompanist at the high school in Roodhouse this winter.

A Christmas vesper service of unusual interest is in preparation by the faculty and music clubs of the College of Music.

Miss Edna Sheppard gave a delightful surprise to the students and faculty when she appeared at the chapel exercises Saturday morning and played a number of selections, which were greatly enjoyed by everyone. Miss Sheppard is an artist of the first rank and her work as an accompanist is pre-eminent.

Harmony Lodge No. 3 A. F. & A. M. will hold a special meeting Monday evening at 7:30 o'clock.

Another delightful Thanksgiving celebration was held last Thursday. The decorations were in keeping with the three hundredth anniversary of the coming of the Mayflower and included a replica of the Mayflower on the center table, while at each individual plate was a miniature Puritan style black hat. The program of toasts was interesting and full of wit and inspiration. In the evening the program was concluded in the gymnasium.

QUALIFICATION

My 16 years of experience in Jacksonville has given you the opportunity of judging whether or not I am qualified as an Embalmer and Funeral Director.

Two Important Qualifications

One other well worth your consideration, when such service is needed, is to know you are not charged exorbitant prices.

Funeral Chapel in Connection

We make no charge for funerals held in our chapel. We save you from \$50. to \$150. on funeral expenses.

Christmas Giving---Why Not a Piano?

The custom of presenting gifts at Christmas tide is an old and beautiful one, and has become so universal that we forget it had its origin in religion; so general has it become in Christian nations that all of our relatives and friends expect to be remembered by some material manifestation of our regard for them. WHY NOT A PIANO OR PLAYER AS A GIFT FOR SOME ONE IN YOUR HOME?

True, it is sometime until Christmas, but not too soon to begin to THINK about Christmas Gifts, and to LOOK so that decision may be unhurried.

Above we have given you some wonderful prices on new, standard makes of pianos and players—prices, that if interested in a musical instrument, you cannot afford to overlook. May we not have the pleasure of assisting you in selecting the gift that is sure to bring untold happiness to some loved one?

THOSE MONUMENT NAMES; IF ANYONE HAS ANY, SEND THEM IN AT ONCE

In spite of all the efforts of the committee to get the names worthy to go on the soldiers' monument almost a hundred have recently been handed in. The list will soon be closed and the fifth plate made. All who have any name in mind whose name should be there, leave it in writing plainly with S. W. Nichols at the Journal office. Any man who served in the war of the rebellion, no matter where he enlisted, and lived in the county any number of years is entitled to have his name on the monument. Surely every opportunity has been given and no one can complain at the omission of a name.
